

The 8' FT-X™ EdgeCore™ is a superlight and comfortable premium Class 2 Leading Edge SRL.

It includes field-replaceable retractables for zero down time and extended service life.

Do these personal leading-edge SRL-P complaints ring a bell?

- My SRL is bulky and tugging on my back
- Nuisance lockups are affecting my productivity
- Why can't I replace only the retractable instead of the whole twin unit?
- I hate how devices dig into my back!
- Getting the SRL on and off takes too long
- !@#\$....When I bend down the retractables keep hitting my head and knocking my hard hat off

You deserve a complaint-proof SRL
