

GH/S / Foundry Hook

This hook comes with an extra-wide jaw and is used in applications where other hooks simply aren't up to the job. The model is frequently used in foundries and also does an excellent job when used with Connex and welded systems.

This extra-wide hook has a lot to offer – but please avoid tip loading and ensure that it is used in **straight pull only**.

Code	Chain Size	WLL (lb)	e (inch)	h (inch)	a (inch)	d1 (inch)	d2 (inch)	g (inch)	b (inch)	Weight (lbs/pc)	Quantity per package
